PORTABLE PET-FEEDING CONTAINER

Brian J. Williams

ABSTRACT OF THE DISCLOSURE

10 A portable pet-feeding container and method for using a
portable pet-feeding container and system when traveling
with a pet. The portable pet-feeding container includes a
reservoir, a removable lid which seals the open top of the
reservoir, a skirt which surrounds the reservoir and
15 includes a leash coupling means, and a handle connected to
the skirt. A portable pet-feeding container system includes
two similar portable pet-feeding containers coupled to one
another to hold both food and water when traveling with a
pet.
